**(b) Collaboration with Foreign Organizations/ Institutions**

MOU signed with the Summer Institute of Linguistics for collaboration in linguistic research of Pakistan and publications of results and academic books and papers from this research till such time a Department of Linguistics is established at QAU.

**(5) IMPROVEMENT OF INFRASTRUCTURE:**

**(a) Research Facilities**

**Computer and Internet facilities for faculty**

In addition to teaching, the faculty has been encouraged to undertake research on topics of importance and to have publications in the HEC referred Journals to their credit. To facilitate them, computers, and internet facilities have been provided in their offices. Some printers have also been provided and others are being arranged soon.

**(b) Computer and Internet facilities for students**

A classroom was partitioned in order to create a small library for students. It has 11 computers and a large printer in order to facilitate students. The Institute did have some computers earlier but they were mostly non-functional and the room they were kept in was generally locked. At that time there was nobody to look after the computers and one of the steps which was taken was to hire two computer programmers who have made the computer laboratory functional.

**(c) Library**

The Institute has a well-established specialized Library, which contains about fifteen thousand books in addition to number of national and international journals/periodicals, magazines, newspapers etc. it has procured rare government documents. Some of them backdated to 1947, and all reports and proceedings of the constituent/National Assembly of Pakistan since 1947. The Institute is intending to subscribe to a number of foreign journals to have the latest research material published around the world. Moreover, the purchase of books is a continuous process. During the current financial year seven hundred books were purchased.

The Library is now in the process of computerization for which qualified Junior programmers have been employed. Arrangements are also being made to establish an Audio Visual Library to facilitate access to research material on modern techniques. Telephone facilities for the faculty are also being contemplated.

**(d) Improvement of toilets**

Four toilets were refurbished with tiles, hand dryers and liquid soap etc. to give a neat look and be aesthetically and hygienically useful.

**(e) Construction of Stores**

Two stores were constructed on the left and right staircase on the roof on the Institute so as to accommodate extra books and publications. This has provided space in the library for the purchase of new books.

**(f) Construction of Seminar Room**

The classroom next to the library was extended, wood-paneling was carried out and shelves were constructed in order to create a seminar room which can also double as a classroom. Power-point machinery was installed so as to enable speakers to present data through it.

**(g) Repair of Store/Godown**

A Godown filled with useless items was thoroughly cleaned, given anti-termite treatment, repaired and whitewashed. All useless items were auctioned to create space. Now it will be used to store extra books and other documents.

**(6) PROVISION OF FACILITIES**

**(a) Creation of a Faculty Lounge**

There was no place for the faculty and visiting faculty to meet, interact and relax in the Institute. Such a room was provided and furnished and now provides space for the faculty for daily informal interaction as well as meetings. The lounge was provided with water from Nestle (to be refilled by contributions from members) and facility for making tea and coffee. This has facilitated daily interaction and many issues of mutual interest and institutional importance are discussed informally every day.

**(b) Financial Assistance to needy students**

The Institute is paying financial assistance to the needy students so that they may carry out their education smoothly. During the reporting period 36 students were given financial assistance:-

i)	<u>M.Sc.</u>	18
ii)	<u>M.Phil.</u>	18

**(c) Study Tours**

The Institute is providing the facility of study tours to its all students during each semester, one-day tours to visit places of historical and current socio-economic interests are undertaken to places at a reasonable distance from the university premises. Study tours extended over a week or so are undertaken once a year to the places of historical/cultural importance. Study tours undertaken during the reporting period are:-

1. Mangla Dam
2. Murree Hills- 03 trips
3. Attock Fort

**(7) PROJECTS IN THE PIPELINE**

- (a) To purchase a generator

- (b) To provide telephones to all faculty and staff members by installing a UPS in the National Institute of Psychology where the QAU has provided an electronic centre controlling telephone lines for internal usage.

## (II) ANNUAL REPORT (JULY 2008- JUNE 2009)

**(b) Collaboration with foreign Academic Organizations/Institutions:**

Memorandum of Understanding (MoU) between the Institute of Cultural Anthropology at the University of Tübingen and the National Institute of Pakistan Studies at Quaid-i-Azam University, Islamabad, 2008.

Six German students visited NIPS from July to October, 2008. They were accompanied by Professor I. Stellnecht and Prof. Roland Hardenburg from the University of Tubingen

**(c) Research Students:**

There was a big backlog of students in the Ph.D./M.Phil programmes who were not doing any work. Some did not have relevant supervisors. Attempts are being made to make them submit acceptable work or leave the programme. Moreover, in order to raise the standard of research, future intakes will be made after a rigorous test.

**(d) M.Sc. Students:**

For improving the standard of the intake for M.Sc. a screening test was introduced from September, 2008. Moreover, the total number of students entering each semester has been decreased so as to take those whose academic performance has been better in the past.

**(f) Improvement in courses.**

New courses have been approved by the relevant bodies of the Institute and the University and the Academic Council have ratified them. The improved courses are available on the website of the Institute as well as in the form of a printed brochure (sample available).

## **5. IMPROVEMENT OF INFRASTRUCTURE**

The following changes have been in the infrastructure in order to modernize it and improve the overall image and performance of the Institute.

- (a) **Furniture:** The following items have been added:-  
A wooden book-issue shelf has been added to the library so as to facilitate the issuing of library material.
- (b) **Equipment:** The following equipment has been acquired:-
  - (i) 01 Pentium desktop computer for the staff. One laptop computer has also been added by a researcher from his research grant.
  - (ii) 04 laser printers for the faculty.

## **6. PROVISION OF FACILITIES**

The following facilities have been provided to members of the faculty, staff and students:

- (i) The library has been automated i.e. all books in English and most of the books in Urdu are now on the computer. Bar codes have been provided in all books and a barcode-reader installed. This makes NIPS library the first on the Campus of the Quaid-i-Azam University to be automated. In order to recognize the merit and hard work of the Librarian, Mr. Tahir Naqvi, and his staff, a function presided by the Vice-Chancellor, QAU, Dr. M. Qasim Jan was held on 03 June, 2009.

- (ii) Two stores have been constructed on the right and left (southern and northern) staircases to accommodate photocopier machines both official and privately-owned.
- (iii) A broken and unusable Vespa scooter has been auctioned according to rules so that space is created for new items (sale price Rs. 21,000/-).
- (iv) 24 termite-ridden chairs have also been auctioned for Rs. 2000/-.  
The first issue of our research journal (2007-08) is being printed.
- (v) As the water supply to the Institute is intermittent, a new line has been laid from the source of the water supply to the Institute. It is proposed that the cost should be divided equally between the three centres of excellence which will benefit from it.
- (vi) Students are being given scholarships as financial assistance at the rate of Rs. 1200/- per month for M.Phil and Rs. 1000/- per month for M.Sc. on grounds of poverty. However, all such students are supposed to put in 06 hours of work per week with a member of faculty/staff otherwise the amount due to him/her will not be paid.
- (vii) Students who stood first in their entry test or the first, second and third semester examinations were given merit scholarships worth Rs. 1200 per month.
- (viii) A number of existing faculty and staff positions were advertised and the selection Board in its 19<sup>th</sup> meeting held on 14 May 2009 recommended the following for induction subject to the permission of the BOG.
  1. Dr Arif Mahmud as associate professor of geography with focus on Pakistan
  2. Dr Aasim Sajjad as assistant professor of political economy with focus on Pakistan.
  3. Mr Altaf Gohar as Administrative Officer.

The induction of a new member of the staff is mentioned below:

The following position was filled in after due process under rules.

<u>Name of Post</u>	<u>BPS</u>	<u>Date of Joining</u>
1 Accountant	16	01 April 2009

## 7. PROJECTS IN THE PIPELINE:

1. New rooms are being made by partitioning part of the verandah for accommodating the office of the journal *Scrutiny* and visiting faculty.

## **5. IMPROVEMENT OF INFRASTRUCTURE.**

### **(i) Security Measures Taken at NIPS.**

Due to the ongoing security problems and the significant threat to the educational institutions and subsequent government instructions for taking necessary security measures, we have made the following arrangements for the protection of the NIPS employees/ students:

- a) Installed security fence around NIPS
- b) A Private armed security guard has been hired and deployed in NIPS.
- c) A metal detector has been purchased

### **(i) Provision of Water Dispenser for the Staff**

A **water dispenser** has been purchased for the staff since there was shortage of clean and hygienic drinking water especially during the summer. The bottles of water will be paid for by the users who will collect funds on their own for this purpose.

### **(6) Projects in the Pipeline**

- (i) The creation of a guard picket with sandbags and umbrella in order to provide better conditions of work for the armed guard and enhanced security to NIPS.
- (ii) The digging of a bore for water because of acute and perpetual shortage of water which is highly expensive to purchase from the market.
